PRIMEN
WE MAKE IT POSSIBLE

YOUR SOUTH AFRICAN PARTNER FOR PROCUREMENT AND SUPPLY CHAIN SOLUTIONS

Founded in 2011, Primen is a South African based procurement and supply company with over 40 years of combined experience in the mining and mineral processing industry, sourcing and procurement as well as transport and logistics. Our focus is on managing the supply of mining equipment, drilling tools, mineral processing plants, chemicals, reagents and more.

The experience of Primen's experts in working with the international mining industry is extensive whilst collaborating with our clients and suppliers to provide products and services specifically tailored to each client.

Whether you need technical consulting, engineering design, turnkey or single equipment supply, Primen's services provide a full range of solutions covering the entire mining spectrum from exploration right through to processing.

Primen is honoured to represent suppliers on a global scale while delivering effective and professional services to their clients.

Here at Primen, **We make it possible.**

PRIMEN
WE MAKE IT POSSIBLE

OUR MISSION, VISION AND VALUES

Mission

Our goal is to team up with our clients, engineering companies and vendors to design, procure and supply new and used equipment at the best possible price without compromising the quality.

Vision

Primen strives to redefine the standards of customer service by continually building our skills and knowledge to meet the growing and diverse needs of customers, to uphold our reputation as a reliable, customer-orientated, dynamic player in the market while achieving profitable growth, operational and organizational excellence without compromising our values and business ethics.

By being flexible in sourcing, providing competitive prices, on-time deliveries and customised solutions for unique needs, Primen ensures attentive, effective and a pro-active customer approach.

OUR PRODUCT RANGE

As part of Primen's integrated End-to-End supply chain solutions, we are able to provide any related product with its spare parts that are otherwise difficult to source.

Exploration

- Drilling Equipment & Spares
- Survey Equipment
- Geographical Equipment
- Geological Tools
- Drill Rods and Bits for All Applications
- Drill Bit Sharpeners
- Drill Rig Consumables
- Drill Rig Spare Parts
- RC Drill Rigs
- Core Drill Rigs
- Blast Hole Drill Rigs
- Boosters and Compressors
- Core Trays
- Drilling Lubricants
- And More

Mining

Primen provides planning, engineering design, equipment procurement, installation, commissioning along with any and all subsequent technical services and support for a wide variety of nonferrous and ferrous metal mining projects.

Primen is primarily involved in mining for Iron, Gold, Copper, Coal, Lead, Zinc and Mineral Sands.

We offer a variety of equipment, along with their spare parts, including, but not limited to:

Trucks & Earthmoving Vehicles

Used Machinery

Loaders

Dozers

Graders

Dump Trucks

Excavators

ADT (Underground Dump Trucks)

LHD (Underground Loaders)

Simba

Jumbo

Air Compressors

Wagon Drills

Ventilators & Ducting

Mineral Processing

Primen offers below Mineral Processing Equipment along with their spares:

Grinding Mills: SAG Mills, Ball Mills, Rod Mills, Vertical Mills and More.

Mill & Scrubber Linings & Relating Spares

Crushers & Spares

Wear Resistant & Impact Linings

Cyclones

Screening Media

Spirals

Filter Press

Agitators

Electrowinning Equipment

Thickeners

Belt Filter Cloths

Instrumentation Equipment

Flotation Cells and Wear Components

Magnetic Separation

Gearboxes

Electric Motors

Full Range of Industrial Valves

Slurry Pumps

Conveyors
